

SATTENAPALLI

Sattenapalli is a town in the Guntur district of Andhra Pradesh. The weavers here are represented by the Phanidem weaver cooperative production and sales society. There are about a 100 weavers under them. Their products include bed sheets, towels and hand woven mosquito nets. Covid times have really been stressful for them and are in need of help with their stock. Let us help them however we can. Hospitals, resorts and hostels are places who can use their bed sheets, towels and mosquito nets. So let us point them in that direction so that their crafts are used widely. Any purchase will go a long way with them. **Phanidem weaver co-operative production and the sales society Durgarao - 9290725767,7981313722**

If any doubts or queries please contact any member of the Crafts Council Of Andhra Pradesh.
